EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Antoinette F. Konski on January 30, 2006.

The application has been amended as follows:

Claims 2, 3, 5-9 and 14-22 have been cancelled without prejudice.

Remarks

The above amendment places this case in condition for allowance.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious the claimed method for treating a subject having rheumatoid arthritis comprising delivering to the subject an effective amount of an L- or D- compound of the formula set forth in claims 1 and 23.

Cited prior art of record, Lacey et al. is the inventor's own work that was published less than one year before the effective filing date of instant Application and instant inventor has filed 37 C.F.R. 1.132 Declaration that the prior art was published on the inventor's behalf and the instant invention related to the treatment of autoimmune disorder (i.e. rheumatoid arthritis) whereas the prior art of record relates to the treatment of cancer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer Kim whose telephone number is 571-272-0628. The examiner can normally be reached on Monday through Friday 6:30 am to 3 pm.
